

Nutralyze

Concentrated Degreaser

GENERAL DESCRIPTION

This product is a super concentrated formula for degreasing and wetting all types of screen fabrics, including polyester, nylon, and stainless steel. when completely water rinsed, NUTRALYZE leaves your fabric free of silicones or other types of oils that tend to leave a film or slippery active surface. NUTRALYZE will also reduce incidence of pin holes. Use this solution for degreasing new or used fabric of all types before stencil making.

ADVANTAGES

- Easy to use.
- Safe on all types of mesh.
- Non-flammable.
- Biodegradable.
- Drain acceptable to a treatment plant, after soil release, when used as directed.
- Non-Photochemically Reactive.

Application

Dilute in a plastic container up to 10:1 with water.

Quick Tip:

Be sure to Flood rinse the screen well. In this step, it is important to think of high volume and not high pressure water.

1)After removal of ink, block-out, and emulsion, spray Nutralyze to the screen(both sides).

2. Scrub screen with non-abrasive pad or brush.

3. Flood rinse the screen starting at the top and washing all residue off the screen.

Packaging

1 quart

1 gallon

5 gallon Pail

55 gallon Drum
