

FREEDOM EXPRESS SERIES

AUTOMATIC TEXTILE PRESS

Overview

Workhorse introduces the Premier Entry Level Automatic on the market, the new Freedom Express. Following the design of the ground breaking Sabre, the Freedom Express offers features you wouldn't expect to find in an entry level press. Featuring the state of the art Workhorse Operating System, this is the easiest entry level press to operate and maintain. The Freedom Express can run your 20"x24" or 20"x28" frames for the maximum image. This is the perfect press to move you from manual to automatic printing. Utilizing the Owners Portal gives you a free and easy flow of information between your office and the machine. The feature rich Freedom Express is the greatest value for anyone entering the world of automatic printing.

FEATURES:
